Publications

The following publications deal explicitly with analyses of the WAIS Divide ice core, WAIS Divide boreholes, and/or the WAIS Divide, Antarctica field site.

during the last deglaciation. *Proceedings of the National Academy of Sciences*, 113(13), 3465-3470, 10.1073/pnas.1513868113

49. Gregory SA, Albert MR and Baker I (2014) Impact of physical properties and accumulation rate on pore close-off in layered firn. The Cryosphere, 8, 91-105, 10.5194/tc-8-91-2014
